

Middle

[Planet Orange](#) students begin in the space station orbiting above Planet Orange. Using their dashboard, they can play games, participate in activities, and travel down to the contents below. Planet Orange has four continents; each continent teaches material of increasing complexity for different age groups and maturity levels.

FAQ (same questions answered for each website)

How easy is it to get started?

*Registration is required. There is no cost to register for **Planet Orange**.*

Is this website a stand-alone lesson or is it best used as a supplement?

Planet Orange can be used in several different ways, depending on the resources available to your classroom. Each student can access Planet Orange from an individual computer. You can also guide lessons from a single computer projected on a screen. You can also teach from printouts of material provided on the site.

How much time will my students need to complete the activity? Also, is this one activity or a series of activities that must be completed as a whole?

Completion time will vary based on individual students.

What kind, if any, assessments or pre-/post-testing is provided?

The Planet Orange Teacher Resource Center includes lesson plans and quizzes.

Are there any supplements or lesson extensions provided for the classroom?

To enhance Planet Orange, there are additional resources, including lesson plans, journal entries, in-class activities, games, quizzes, as well as additional financial literacy links.

What grade levels would benefit from this website?

This website is best used with students in grades 5-7.

What topics are covered by this website?

Students will be exposed to key concepts such as earning, saving, spending and investing.

What Kentucky Core Content does the website address?

Planet Orange will complete a search for State and Common Core Standards.
